Requirements for PA goats:

Individual official animal identification is required for all goats. Official ID includes:

- A USDA ear tag with a US shield ; or
 - A legible tattoo with herd and individual identification recognized in an approved USDA Scrapie database; or
 - Goats having a breed registration tattoo and accompanied by a registration certificate are exempt from the scrapie ID requirement if the tattoo is legible and a registration certificate listing the current owner (copy acceptable) accompanies the animal at all times during transport from the premises of origin.
1. A Certificate of Veterinary Inspection (CVI) issued after May 1, 2017.
 2. All animals must be free of infectious and contagious diseases and a statement of this should be written on the CVI.

Section 11: Out of State Goats:

Requirements:

1. A Certificate of Veterinary Inspection (CVI) issued within the 30 days prior to the date of importation.
2. Vesicular Stomatitis (VS): (applies to states that experienced a Vesicular Stomatitis outbreak in the last 12 months). An accredited veterinarian shall determine whether the animals are free from VS, and animals shall be accompanied by a CVI with the following statement signed by the accredited veterinarian: “All animals identified on this certificate of veterinary inspection have been examined and found to be free from VS. During the past 90 days, these animals were not located within 10 miles of a site where VS has been diagnosed.”
3. All animals must be free of infectious and contagious diseases and a statement of this is required on the CVI.
4. Individual official animal identification is required for all goats. Official ID includes:
 - A USDA ear tag with a US shield ; or
 - A legible tattoo with herd and individual identification recognized in an approved USDA Scrapie database; or
 - Goats having a breed registration tattoo and accompanied by a registration certificate are exempt from the scrapie ID requirement if the tattoo is legible and a registration certificate listing the current owner (copy acceptable) accompanies the animal from the premises of origin, and a Certificate of Veterinary Inspection which lists the tattoo accompanies the animal.
5. Testing requirements: Tuberculosis:
 - No test is required for animals originating from “Accredited Free” states or zones.
 - All animals originating from states or zones designated “Modified Accredited Advanced” must be test negative within the 60 days prior to the date of importation. The negative test results and date of test must be included on the CVI or the animal must be accompanied by a negative test report (a copy of the original report is acceptable).

All animals originating from states or zones designated “Modified Accredited” must originate from herds in which all animals 12 months of age and older have tested negative within the 12 months prior to the date of importation; and the individual animals (all ages) to be imported have also tested negative within the 60 days prior to the date of importation and at least 60 days after the negative whole herd test was completed. The negative test results and date of test must be included on the CVI or the animal must be accompanied by a negative test report (a copy of the original test report is acceptable).

Sincerely,
