7. Use standard mason-type canning jars of non-colored clear glass for preserving and exhibiting all canned foods.
8. Use two pieces self-sealing lids (flat discs and metal screw bands) for sealing all jars of food. Metal screw bands may be loosely applied for the trip to and from Fair to prevent damage; however, **screw bands and fabric decoration must be removed from jars before exhibiting entries.** JARS THAT ARE SEALED WITH WAX OR OTHER TYPES OF COVERS WILL NOT BE ACCEPTED.

13. Canned foods will be eliminated from the competition if the liquid is lower than two inches from the top of the jar.
14. The judges may open and sample canned goods if necessary in making a decision.
15. The judges will disqualify any unclean jars, or those which appear to them to have coloring or preservatives added. This includes the addition of soda to green vegetables.
